<div></div>	Titre	<div></div> <div></div>
-------------	-------	-------------------------

The image is a comprehensive wireframe for a web application, likely an e-commerce platform. It is divided into several key sections:   
1. \*\*Top Header\*\*: Features a large search bar on the left, a main title 'Titre' in the center, and a small circular profile icon on the right.   
2. \*\*Secondary Navigation\*\*: A row of ten rectangular buttons or category links is positioned below the header.   
3. \*\*Left Sidebar\*\*: Contains a search bar, a filter icon (a square with a diagonal line), and a vertical list of seven rectangular items, possibly representing a category tree or filter options.   
4. \*\*Main Product Grid\*\*: The central area is filled with a grid of product cards. Each card includes a placeholder for a product image, the product name, a price tag with a '-25%!!!' discount indicator, a brief description, and a star rating system.   
5. \*\*Footer/Pagination\*\*: At the bottom, there is a pagination bar with buttons for 'début' (first), 'précédent' (previous), 'numéro pages' (page number), 'suivant' (next), and 'fin' (last).   
The wireframe uses various shapes like rectangles, rounded rectangles, and circles to represent different UI elements, with placeholder text and icons to indicate their function and layout.

The image is a comprehensive wireframe for a web application, likely an e-commerce platform. It is divided into several key sections:   
  
1. \*\*Top Header\*\*: A horizontal bar at the top containing a search input field on the left, a large main title 'Titre' in the center, and two circular profile icons on the right.   
  
2. \*\*Left Sidebar\*\*: A vertical navigation menu on the left side. It starts with a search bar, followed by a filter icon (a square with a diagonal line), and then a series of horizontal bars representing category links.   
  
3. \*\*Main Content Area\*\*: The central part of the page, enclosed in a large container. It features a carousel at the top with three product cards, each showing an 'image', 'nom du produit', a '-25%!!!' discount, and 'Ancien-prix- NOUVEAU PRIX'. Below the carousel is a grid of 12 product cards arranged in 4 rows and 3 columns. Each card contains an 'image', 'Nom du produit', 'Prix', 'petite Description / caractéristiques techniques', 'En stock' status, and a star rating system with three yellow stars and one empty star.   
  
4. \*\*Bottom Navigation\*\*: A horizontal bar at the bottom of the main content area containing five navigation buttons: 'début' (a left-pointing triangle), 'précédent' (a square), 'numéro pages' (a square), 'suivant' (a rounded rectangle), and 'fin' (a right-pointing triangle).   
  
The wireframe uses a clean, minimalist style with gray lines and placeholder text to define the layout and components of the application.

The diagram illustrates the layout of a book entry. It is divided into three main sections:

- Left Section:** A large rectangular area labeled "image".
- Middle Section:** A vertical stack of three rectangular areas, each labeled "image".
- Right Section:** A large rectangular area divided into two horizontal sections:
  - Top Section:** A rectangular area labeled "Nom de l'article".
  - Bottom Section:** A rectangular area labeled "Synopsis (description courte)". To the right of the synopsis text is a small oval labeled "Prix ACHAT" and three yellow pentagons.
